

ARFEE 2019 Preface

The 2019 2nd International Symposium on Architecture Research Frontiers and Ecological Environment (ARFEE 2019) has been successfully held in Guilin, China during December 20-22, 2019. The conference mainly focuses on the research fields of Architecture and Ecological Environment, and is dedicated to provide the experts, scholars, engineers, etc. from different colleges and universities, research institutes, enterprises and institutions from home and abroad, with an academic platform for sharing of academic research findings, exploration of the cutting-edge engineering issues and discussion on the current opportunities and challenges, in a concerted effort to promote international cooperation and communication and the industrialization of scientific research results.

We are glad to invite Prof. Congqi Fang (Shanghai Jiaotong University/ Shanghai Normal University, China), Dr. Rohitha Weerasinghe (University of the West of England, England), Prof. Indra Prabh Jain (University of Rajasthan, India), Prof. Shengbin Gao (Shanghai Normal University, China), Prof. Weimin Que (Peking University, China), etc. as our keynote speakers who made amazing speeches in the conference.

We would like to acknowledge all of those who supported ARFEE 2019. Each individual and institutional help was very important for the success of this conference. Especially we would like to thank the organizing committee for their valuable advices in the organization and helpful peer review of the papers.

We sincerely hope that ARFEE 2019 will be a forum for excellent discussions that will put forward new ideas and promote collaborative researches. We believe that the proceeding will serve as an important research source of references and the knowledge, which will lead to progress in the field of architecture and ecological environment.
